

Jun H. Park

School of Mechanical Engineering
Sungkyunkwan University
2066 Seobu-ro, Jangan-gu, Suwon 16419
Republic of Korea

Phone: 031-299-4847
Email: jun.park@skku.edu
Web: inference-skku.github.io

RESEARCH INTERESTS Stochastic dynamical systems and multiscale model reduction; reliability of machine-learned closures and emulators for climate models — invariant measures, extremes, stability; nonlinear filtering and data assimilation; Bayesian inverse problems with learned priors

POSITIONS HELD **Sungkyunkwan University** Suwon, Republic of Korea
Director, [Inference Lab](#) 2021 – Present

Sungkyunkwan University Suwon, Republic of Korea
Professor September, 2024 – Present

Sungkyunkwan University Suwon, Republic of Korea
Director, Center for Teaching and Learning September, 2019 – August, 2023

Sungkyunkwan University Suwon, Republic of Korea
Associate Professor September, 2018 – August, 2024

Sungkyunkwan University Suwon, Republic of Korea
Assistant Professor March, 2012 – August, 2018

Brown University Providence, Rhode Island
Postdoctoral Research Associate October, 2009 – October, 2010

EDUCATION **University of Illinois** Urbana-Champaign, Illinois
Ph.D. in Aerospace Engineering, 2009
 • Advisor: N. Sri Namachchivaya
 • Dissertation: *Nonlinear Filtering: Dimensional Reduction and Particle Methods*
M.S. in Aerospace Engineering, 2003
 • Advisor: N. Sri Namachchivaya
 • Thesis: *Dynamics of Impact Oscillation*

Inha University Inchon, Republic of Korea
B.S. in Civil Engineering, 1997

INDUSTRIAL EXPERIENCE **Aceall Co., Ltd.** Seoul, Republic of Korea
Project Manager 2000 – 2001

Samsung Engineering Co., Ltd. Seoul, Republic of Korea
Structural Engineer 1997 – 2000
